Relevant Coursework: Data Structures and Algorithms (in progress)

TECHNICAL SKILLS

Languages: Java, Kotlin, Python, JavaScript, CSS

Frameworks & Libraries: React

Tools: Jetpack Compose, Git, GitHub

WORK EXPERIENCE

Google

Mountain View, CA

Associate Software Developer Intern

May 2025 – Aug 2025

- Worked on **Android XR** team with prototype glasses hardware; collaborated in a team with one other intern
- Implemented **two new AI-powered user-journeys** utilizing front-end (Kotlin and Jetpack Compose) and back-end (Java) technologies, extending the glasses photography experience and increasing the value of the product
- **Presented and demoed** the features to Stakeholders, Directors, and Sr. Eng Managers, to showcase the value
- Created and maintained thorough project documentation covering research, implementation details, and design decisions for complex architectural challenges

Pickerington Local School District IT Department

Pickerington, OH

IT Intern

May 2022 - Aug 2022 | May 2023 - Aug 2023

- Led a team of 4 interns my second year installing 24 smart TV boards and routing network cables at several schools to allow for a more modern interactive learning experience for school district of over 10,000 students
- Hands-on experience with: network infrastructure, command line, Apple and Chrome OS mobile device management

PROJECTS

Portfolio Website (HTML, CSS, JavaScript, React)

<https://mieracle.com>

- Built a **fully responsive** website with mobile-first design principles
- Used **GitHub** for version control and an **external API** for form submission

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

Management Leadership for Tomorrow

Remote

Career Preparation Fellow

Nov 2025 – Present

- Accepted into a selective 18-month professional development program that accelerates the career growth of emerging leaders through structured coaching, mentorship, and targeted skill-building.
- Develop business and technical acumen through hands-on technical assessments, case studies, simulations, and project work designed to strengthen analytical, strategic, and leadership capabilities.
- Engage with leading partner organizations (e.g., Google, Apple, and Amazon) to gain industry exposure and insight into tech-talent pathways.

Amazon

Remote

Amazon Guides Mentee

Oct 2025 – Present

- Selected for a year-long, one-on-one mentorship program developing career readiness skills through dedicated mentorship and exclusive networking events with CS professionals at Amazon

Hampton University

Hampton, VA

Teaching Assistant & Tutor for Introduction to Programming

Aug 2025 – Present

- Assisted **50+ first-year students** in mastering foundational data structures and other computer science concepts
- Provided **weekly 1:1 tutoring**, strengthening students debugging and problem-solving skills, allowing them to **succeed independently** after sessions
- Mentored early CS students by leveraging my professional and academic experience, cultivating a sense of belonging in the field and confidence in their skills

ADDITIONAL SKILLS AND INTERESTS

French (Basic), content creation, entrepreneurship
